

SYMPOSIUM [π]

Accessibility in Educational Environments

16 November 2023

Editorial

Dear Sir or Madam,

Under the auspices of the Fondation Asile des aveugles, the CPHV is organising a symposium on the theme of accessibility in educational environments. It will take place on Thursday 16 November 2023, starting 8.45 am in the auditorium of the Jules-Gonin Eye Hospital or as a webinar, with simultaneous translation into German and English.

The day will start with a testimonial of a young visually impaired woman student at the EPFL (Swiss Federal Institute of Technology) and her professor. Then various speakers will present the legal and social issues at stake followed by presentations about the current obstacles to accessibility in the education field, as well as the leverage for change to bypass or eliminate them.

Through the Accessibility Award and with the generous support of the Ingvar Kamprad Fund, we will encourage and reward the projects that best support accessibility in the education context. Presentation booths will allow you to discover the different projects submitted as well as existing actions and devices aimed at promoting accessibility.

The coffee and lunch breaks will provide opportunities for constructive exchanges between participants.

We are looking forward to meeting you on this occasion to discuss this topic dear to our hearts.

Programme

Testimonials and presentations of research or work related to accessibility in educational environments

08.45 - 09.15 am	Welcome and presentation of the day Lucien Panchaud
09.15 - 09.30 am	Introduction Clémence Bachmann and Prof. Daniele Mari

The Accessibility in Educational Environments Award

Through the CPHV and with to the generous support of the Ingvar Kamprad Fund, the Fondation Asile des aveugles is presenting the Accessibility in Education Award. Its aim is to reward and encourage innovative projects or applied research, from Switzerland or abroad, which aim to promote accessibility in educational environments. Three prizes will be awarded to the most promising projects for a total amount of CHF 26'000.

The awards ceremony will take place on 16 November 2023 at the Accessibility in Education Symposium. Projects must be submitted by 15 June 2023 to contact@cphv.ch.

Find all practical information in the rules for the award on the Symposium website:
